

Project Demo Planning

Date	01 October 2026
Team ID	SWTID-2026-4498
Project Name	Import data using Transform Maps
Maximum Marks	1 Mark

Project Demo Planning:

A well-structured demo plan ensures that the team presents the project effectively, covering all key aspects in a clear and organized manner. This document outlines the plan for demonstrating the project, including the flow of the demo, key features to highlight, and responsibilities of each team member.

S.No	Demo Section	Description	Duration (mins)	Responsible Member
1	Introduction & Problem Statement	Explain the need to move bulk employee and training data from spreadsheets into ServiceNow accurately, and introduce the team and project.	2	Sarah Christa T
2	Solution Overview & Architecture	Walk through the architecture and ER diagram: spreadsheet, staging tables, Transform Map, target tables, reports and dashboard.	3	Sarudharshini B
3	Load Data & Transform Map	Live demo: create Employee Test and Employee Training Records tables, load the .xlsx file (5 inserts, 0 errors), create the map, review the 4 field maps and run the transform.	5	Sarudharshini B
4	Data Validation & Coalesce	Check Transform History and Import Log, compare the target list with the source sheet, show the duplicate Employee IDs and how Coalesce on Employee ID prevents them.	4	Sathya Priya R
5	Reports, Dashboard & Roles	Show the pie chart, bar chart and Employee List Report, the Employee Analytics Dashboard and the Hr Manager role access.	4	Selva Karthiga B
6	Testing Summary, Known Issues & Conclusion	Present the test case results, known issues, future enhancements (scheduled imports, transform scripts) and the conclusion.	3	Saravanan K

Demo Flow Summary:

Step	Activity	Notes
1	Introduction & Problem Statement	Section 1 (2 mins). Team Leader introduces the team, project title and the problem of manual spreadsheet migration.
2	Solution Overview	Section 2 (3 mins). Architecture and ER diagram explained before the live demo starts.
3	Live Feature Demonstration	Sections 3 to 6 (16 mins). Run on the ServiceNow PDI (woken up beforehand); Saravanan K supports screen sharing and slides. Keep screenshots as backup.
4	Q&A Session	About 5 mins. All team members answer questions in their own areas. Total demo time is about 26 minutes.
